The young men added much to the occasion by buying fifteen pounds of nice sugar, which was soon made into candy; then the fun began which was hugely enjoyed by all. After many well wishes and hearty thanks to Mr. and Mrs. May, they departed for their homes looking "rather sweet" while most all felt somewhat "stuck up."

### Working Overtime.

Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel troubles. Easy, pleasant, safe, sure. Only 25c at J. Taylor Day, Hazel Green or S. S. Combs & Son, Campton, drug stores.

THE HERALD is only 65 cents.

## A Fireman's Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa, "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by J. Taylor Day, Hazel Green, or S. S. Combs & Son, Campton. Price 50 cents.

## A Bright, Honest Boy Wanted.

The publishers of the famous big illustrated weekly newspaper, Pennsylvania Grit, are now placing representatives at every post office in Kentucky, and they desire to secure the service of capable hustling agents in each of the following towns of Wolfe county: Hazel Green, Lee City, Torrent and in such other towns as are not already supplied. The work is profitable and pleasant. A portion of Saturday only is required. Over 5,000 agents are doing splendidly. No money whatever is required. Everything is furnished free. Stationery, rubber stamp, ink and pad, advertising matter, sample copies, etc. Papers are shipped to be paid for at the end of each month. Those not sold are not charged for. Write to Grit Published Co., Williamsport, Pa., and mention the HERALD. 31.

When you go to Campton, don't forget to stop at the Combs House and get a first-class meal. S. S. Combs is an old-timer, and furnishes everything to east that the market affords, and his excellent wife knows how to dish it up to suit the most fastidious.

According to the old time-honored tradition of ground-hog day, which was last Saturday, the sleepy marmot seen the shadow of his tail, and he went back into his hole, and "pulled the hole in after him" to take another nap of six weeks.

The Saturday Blade is a sensational news weekly, but its humorous stories beat every other paper out of sight. And best of all, Blade readers write the most of them. Get acquainted with the Blade, Published in Chicago.

## Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal complications. That female troubles are filling graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. \$1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kan. "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything, in fact was miserable. I have taken four bottles of Wine of Cardui, with Theford's Black-Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."

For advice in cases requiring special directions, address, giving symptoms, the Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn.

## OUR SAVIOUR IN ART.

**OST NEARLY \$100,000 TO PRODUCE.** Contains nearly 100 full-page engravings of our Savior and His Mother by the world's greatest painters. True copies of the greatest Masterpieces in the art galleries of Europe. Every picture is as beautiful as a sunrise over the hilltops. Contains description of the paintings, biography of the painters, the names and locations of the galleries in Europe where the originals may be seen. Also contains a Child's Department, including a Child's Story of the Christ and His Mother, beautifully written, to fit each picture. This wonderful book, matchless in its purity and beauty, appeals to every mother's heart and in every Christian home where there are children the book sells itself. Christian men and women are making money rapidly taking orders. A Christian man or woman can in this community soon make \$1,000 taking orders for Christmas presents. Mrs. Waite, our agent in Massachusetts, has sold over \$3,000 worth of the books in a very short time. Mrs. Sackett, our agent in New York, has sold over \$1,500 worth of the books in a very short time. The book is printed on velvet finished paper, beautifully bound in Cardinal Red and Gold, and adorned with Golden Roses and Lilies. It is, without doubt, the most beautiful book of this century. Write for terms quickly and get the management of that territory. You can work on salary or commission, and when you prove your success we will promote you to the position of Manager and Correspondent, at a permanent salary, to devote your time to attending to agents and the correspondence. ## +ANNOUNCEMENTS.+

**For Representative--91st District.**  
**CECIL**—We are authorized to announce JAMES B. CECIL, of Morgan county, as a candidate for Representative to the Legislature for Morgan and Wolfe counties, subject to the action of the Democratic party.

**MORRIS**—We are authorized to announce J. P. MORRIS, of Morgan county, as a candidate for Representative to the Legislature from Morgan and Wolfe counties, subject to action of the Democratic party.

If any one is to be made vice admiral for winning the battle of Santiago, and the honor is not awarded to Schley, it should be given to Captain Chadwick—that officer being the only one officially mentioned in Sampson's report as having taken part in the battle. To say that he himself wrote Sampson's report is nothing to the point.

Mrs. NATION is going to Washington, it is said, to smash the saloons in the capitol. It will serve the hypocrites there right to have their toddies taken away from them. Any set of men who vote to prohibit liquor selling and then go down and drink at the prohibited bars deserve to be punished.

THERE is a scheme on foot to punish General Miles by displacing him from the head of the army and put General Corbin in his place. Fortunately, it has leaked out in time to give congress a chance to prevent its consummation. The embalmed beef ring dies hard.

Now that the noble U. S. Senators who stole Louisiana and Florida respectively for Hays in 1867 have fallen out and are calling each other liars, possibly we may learn some of the true inwardness of that memorable theft.

The house has accepted the senate amendments to the army bill in regard to the staff, and that haughty, incapable organization will now have to climb down and learn something. It is almost worth while to have a larger army forced on us to get this long hoped for reform through at last.

THE chances are that the ship subsidy steal will go into a coma-tose condition until next winter. There are only about 35 working days left to congress and there are still more than a dozen appropriation bills and the war revenue repeal act to be dealt with.

THE state department has decided not to interfere in the asphalt war. Wonder what struck it so suddenly, and checked its breathings of fire and slaughter. Did the "syndicate" turn out to have as great a pull as the "trust."

ALL the same, we think that it will be found that Stadford University will suffer from the attempt of Mrs. Stanford to control the opinions of its professors. No real university can prosper under such dictation.

In an alleged race war in Indiana over half a hundred shots were fired and no one hurt, whereas, a Kentucky editor disgustedly remarks that such an occurrence wouldn't even pass for fun down his way.

WOMEN who ask their husbands why they can't make money as Mr. So and So does are usually the very ones who by their extravagance, prevent their husbands from saving and laying the foundations of a fortune.

ALL right, Mac, go ahead, and jump on Venezuela. No one will try the Cleveland act on you, and anyone that doesn't grant the Asphalt Trust all it wants ought to catch it, anyhow

BURGLARS seem to have discovered that Washington is an ideal town to burgle. The Capitol has about one policeman to every square mile of territory. At least it is reported to have that many. Nobody ever sees any at all.

MR. CLEVELAND can talk and write all he pleases, the people will never again give to his shooting exploits the admiring regard they did before Teddy went after lions.

Now if Murray Hall had been in the U. S. Senate, no one would have been surprised by the recent disclosure. There are plenty of old grannies masquerading as men in the upper house.

Now the scientists are arguing the respective claims of salt and pepper to figure as the true elixir of life. In either case it is evident that life must be well seasoned.

A new perpetual motion machine is advertised by its inventor, who declares that it can be run by a small boy. That is pretty near perpetual motion, sure enough.

FIRST Mr. Harmsworth and now Minister Wu has been pointing out possible improvements in the New York World. But then, anyone could do that.

NEVERTHELESS and notwithstanding, some of the rivers provided for in the river and harbor bill would be improved by paving them.

REALLY, to read two of the New York papers, one should suppose that Queen Victoria had made all her funeral arrangements exclusively for their benefit.

MR. HANNA is going to join the G. A. R. Is this a plot for a pension or a convert means of lining up against Commissioner H. Clay Evans.

HERE is an Englishman officially reported as having died of whooping cough at the age of 77. In his second childhood, obviously.

THE country still doubts whether it really needed more congressmen, or whether the imperiled members merely needed the salaries.

STILL, it is not to be supposed that General DeWet will half-mast his flags or suspend the course of Military operations on that account.

MR. DEATH, of New Jersey, who has just been sentenced to life imprisonment, is no doubt wondering where his sting is.

Of course, Teddy finally called off his press agent, so as not to entirely obscure San Juan by his prowess on western fields.

THE grip isn't like gout or appendicitis. It is no respecter of persons.

THE West Point hazing speak-easies will hence forth be abolished.

It's love that makes the world go broke.

## A Fireman's Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa, "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by J. Taylor Day, Hazel Green, or S. S. Combs & Son, Campton. Price 50 cents.

## A Bright, Honest Boy Wanted.

The publishers of the famous big illustrated weekly newspaper, Pennsylvania Grit, are now placing representatives at every post office in Kentucky, and they desire to secure the service of capable hustling agents in each of the following towns of Wolfe county: Hazel Green, Lee City, Torrent and in such other towns as are not already supplied. The work is profitable and pleasant. A portion of Saturday only is required. Over 5,000 agents are doing splendidly. No money whatever is required. Everything is furnished free. Stationery, rubber stamp, ink and pad, advertising matter, sample copies, etc. Papers are shipped to be paid for at the end of each month. Those not sold are not charged for. Write to Grit Published Co., Williamsport, Pa., and mention the HERALD. 31.

When you go to Campton, don't forget to stop at the Combs House and get a first-class meal. S. S. Combs is an old-timer, and furnishes everything to east that the market affords, and his excellent wife knows how to dish it up to suit the most fastidious.

According to the old time-honored tradition of ground-hog day, which was last Saturday, the sleepy marmot seen the shadow of his tail, and he went back into his hole, and "pulled the hole in after him" to take another nap of six weeks.

The Saturday Blade is a sensational news weekly, but its humorous stories beat every other paper out of sight. And best of all, Blade readers write the most of them. Get acquainted with the Blade, Published in Chicago.

## Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal complications. That female troubles are filling graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. \$1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kan. "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything, in fact was miserable. I have taken four bottles of Wine of Cardui, with Theodor's Black-Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."

## +ANNOUNCEMENTS.+

**For Representative—91st District.**  
**CECIL**—We are authorized to announce JAMES B. CECIL, of Morgan county, as a candidate for Representative to the Legislature for Morgan and Wolfe counties, subject to the action of the Democratic party.

**MORRIS**—We are authorized to announce J. P. MORRIS, of Morgan county, as a candidate for Representative to the Legislature from Morgan and Wolfe counties, subject to action of the Democratic party.

If any one is to be made vice admiral for winning the battle of Santiago, and the honor is not awarded to Schley, it should be given to Captain Chadwick—that officer being the only one officially mentioned in Sampson's report as having taken part in the battle. To say that he himself wrote Sampson's report is nothing to the point.

Mrs. NATION is going to Washington, it is said, to smash the saloons in the capitol. It will serve the hypocrites there right to have their toddies taken away from them. Any set of men who vote to prohibit liquor selling and then go down and drink at the prohibited bars deserve to be punished.

THERE is a scheme on foot to punish General Miles by displacing him from the head of the army and put General Corbin in his place. Fortunately, it has leaked out in time to give congress a chance to prevent its consummation. The embalmed beef ring dies hard.

Now that the noble U. S. Senators who stole Louisiana and Florida respectively for Hays in 1867 have fallen out and are calling each other liars, possibly we may learn some of the true inwardness of that memorable theft.

The house has accepted the senate amendments to the army bill in regard to the staff, and that haughty, incapable organization will now have to climb down and learn something. It is almost worth while to have a larger army forced on us to get this long hoped for reform through at last.

THE chances are that the ship subsidy steal will go into a coma-tose condition until next winter. There are only about 35 working days left to congress and there are still more than a dozen appropriation bills and the war revenue repeal act to be dealt with.

THE state department has decided not to interfere in the asphalt war. Wonder what struck it so suddenly, and checked its breathings of fire and slaughter. Did the "syndicate" turn out to have as great a pull as the "trust."

ALL the same, we think that it will be found that Stadford University will suffer from the attempt of Mrs. Stanford to control the opinions of its professors. No real university can prosper under such dictation.

In an alleged race war in Indiana over half a hundred shots were fired and no one hurt, whereas, a Kentucky editor disgustedly remarks that such an occurrence wouldn't even pass for fun down his way.

WOMEN who ask their husbands why they can't make money as Mr. So and So does are usually the very ones who by their extravagance, prevent their husbands from saving and laying the foundations of a fortune.

ALL right, Mac, go ahead, and jump on Venezuela. No one will try the Cleveland act on you, and anyone that doesn't grant the Asphalt Trust all it wants ought to catch it, anyhow

BURGLARS seem to have discovered that Washington is an ideal town to burgle. The Capitol has about one policeman to every square mile of territory. At least it is reported to have that many. Nobody ever sees any at all.

MR. CLEVELAND can talk and write all he pleases, the people will never again give to his shooting exploits the admiring regard they did before Teddy went after lions.

Now if Murray Hall had been in the U. S. Senate, no one would have been surprised by the recent disclosure. There are plenty of old grannies masquerading as men in the upper house.

Now the scientists are arguing the respective claims of salt and pepper to figure as the true elixir of life. In either case it is evident that life must be well seasoned.

A new perpetual motion machine is advertised by its inventor, who declares that it can be run by a small boy. That is pretty near perpetual motion, sure enough.

FIRST Mr. Harmsworth and now Minister Wu has been pointing out possible improvements in the New York World. But then, anyone could do that.

NEVERTHELESS and notwithstanding, some of the rivers provided for in the river and harbor bill would be improved by paving them.

REALLY, to read two of the New York papers, one should suppose that Queen Victoria had made all her funeral arrangements exclusively for their benefit.

MR. HANNA is going to join the G. A. R. Is this a plot for a pension or a convert means of lining up against Commissioner H. Clay Evans.

HERE is an Englishman officially reported as having died of whooping cough at the age of 77. In his second childhood, obviously.

THE country still doubts whether it really needed more congressmen, or whether the imperiled members merely needed the salaries.

STILL, it is not to be supposed that General DeWet will half-mast his flags or suspend the course of Military operations on that account.

MR. DEATH, of New Jersey, who has just been sentenced to life imprisonment, is no doubt wondering where his sting is.

Of course, Teddy finally called off his press agent, so as not to entirely obscure San Juan by his prowess on western fields.

THE grip isn't like gout or appendicitis. It is no respecter of persons.

THE West Point hazing speak-easies will hence forth be abolished.

It's love that makes the world go broke.
